Graduate in physics.

Academic Formation

- Cordoba Argentina. Started: 08/03/2012 - Ended: 23/06/2022

Bachelor's degree in Physics. FAMAF(Faculty of Mathematics, Astronomy, Physics and Computing) - National University of Cordoba. Academic Average with Delays: 6.94

Bachelor's Thesis: "Acoustic levitation: basic principles of the operation of an acoustic levitator", approved with Final grade: 10

- Cordoba Argentina. Started: 04/06/2024

PhD Student - FAMAF(Faculty of Mathematics, Astronomy, Physics and Computing) - National University of Cordoba - Topic: *Automatic identification of cosmic voids, in surveys of fourth generation galaxies for parameter estimation cosmological* - Keywords: Astronomy, Extragalactic, voids.

Post Graduate Courses

- Calculations Using Monte Carlo and Ab Initio Methods - Completed 31/07/2020 - Final Note 10
- Electronics for experimental research laboratories - Completed 25/09/2020 - Final Note 10
- Configurable Platforms for Scientific Instrumentation - Completed 07/07/2023 - Final Note 10
- Software design for scientific computing 01/08/2023 - Completed 04/07/2025 - Final Note 10
- Large-Scale Structure of the Universe - Completed 13/02/2026 - Final Note 10
- The Cosmic Voids - In progress (2026)

- *Started: 22/01/2020 - Ended: 21/02/2020*
Student-Rented Assistant- Leveling Course (Faculty of Mathematics, Astronomy, Physics and Computing). Appointed by competition.
- *Started 01/08/2021 - Ended 28/02/2022*
Student Assistant - Category A in the chair of: Quantum Mechanics II (Faculty of Mathematics, Astronomy, Physics and Computing). Appointed by competition.
- *Started 05/03/2024 - Ended 10/07/2022*
Substitute Professor of Physics - Contardo Ferrini Institute - Rio Primero - Cordoba Argentina
- *Started 08/2024 - Ending 03/2025*
Assistant Professor A - Simple dedication, in the chair of Mathematical Analysis I (Faculty of Mathematics, Astronomy, Physics and Computing)
- *Started 29/01/2025 - Ending 25/02/2025*
Teacher in intensive leveling course (Faculty of Mathematics, Astronomy, Physics and Computing)
- *Started 01/08/2024 - Ending 31/03/2025*
SeCyT (Secretariat of Science and Technology (SeCyT) | U.N.C. - Cordoba - Argentina) - Scholarship Holder - Termination by resignation.
- *Started 01/04/2025 - Present*
CONICET (National Council for Scientific and Technical Research) Scholarship Holder - Appointed by competition
- *Started 03/2025 - Ending 08/2025*
Assistant Professor A - Simple dedication, in the chair of Mathematical Analysis I (Faculty of Mathematics, Astronomy, Physics and Computing)
- *Started 08/2025 - Ending 03/2026*
Assistant Professor A - Simple dedication, in the chair of Mathematical Analysis I (Faculty of Mathematics, Astronomy, Physics and Computing)
- *Started 03/2026 - Present*
Assistant Professor A - Simple dedication, in the chair of Numerical Methods (Faculty of Mathematics, Astronomy, Physics and Computing)

Congresses

- Speaker at: XIII Edition Of The Friends Of Friends Meeting (8-12 of April - 2024, Cordoba - Argentina)
- Speaker at: 66th Annual Meeting of the Argentine Astronomy Association (16-20 of september - 2024- La Plata - Buenos Aires - Argentina)
- Speaker at: Mind the Gap (2-6 of December - 2024, Cordoba - Argentina)
- Poster presentation at: MAGIC25 workshop (1-4 of September - 2025, Buenos Aires - Argentina)

Other courses

February 2022

Machine Learning

Certified by Stanford-Online-Coursera

22 June 2022

Python for Data Science, AI & Development

Certified by IBM-Coursera

June 2022

Introduction to Cloud Computing

Certified by IBM-Coursera

June 2022

Python Project for AI & Application Development

Certified by IBM-Coursera

November 2023

Redes Neuronales con Python 2023

Certificate of Attendance - FAMAF
